

Dear SNGPG Members,

As we all know COVID-19 is having a dramatic impact on our lives. For the safety of all our members and directors of the SNGPG, we have made a change to our annual Spring Seminar. The spring growers' seminar will be scaled back to a product pick up, as we realize growers still need supplies and are looking forward to the growing season.

Our supply pick-up will still be held on Saturday, April 4th, but the venue has changed to Wallace Farm, 860 Plainfield Pike, Greene, RI 02827. All products listed in the March newsletter will be here and available for pickup.

Unlike previous years we will schedule the following pickup times by location in order to keep the number of people in areas to a minimum. We want everyone safe and enjoying their gardens this season!

Pickup times are as follows:

Rhode Island	9:00-9:45 AM
Massachusetts	10:00-10:45 AM
Connecticut	11:00-11:30 AM
New York	11:45 AM-12:30 PM
Vermont	12:45-1:30 PM

If you are outside one of the regions listed, please feel free to come down between the hours we have listed. Should you arrive a bit early or late for your scheduled area, not to worry, we will be here for you.

If you have not placed an order and are planning to come for a pickup, please place your order as soon as possible. All information on ordering supplies has been listed in our March newsletter.

There will be parking in the field for growers. Please follow the signs that will be posted. As this situation is evolving daily should there be a need for a change, we will notify everyone immediately.

Although the circumstances will be different from years past, we all look forward to seeing the familiar faces of our SNGPG friends on April 4th!

Thank you,

SNGPG Directors
